INDONESIA EXPLORATION FORUM

Framing The Future of Indonesia's Oil and Gas:
Massive Exploration for Indonesia Energy Security

THE WESTIN SURABAYA, 14 - 15 OCTOBER 2024

Addressing the ongoing challenges in energy security requires a multi-pronged strategy through maximizing the potential of mature basins and identifying new opportunities in frontier areas is essential. Given these needs, the Indonesia Exploration Forum (IEF) 2024 will serve as a vital platform for key players in Indonesia's upstream oil and gas industry to build stronger collaboration among all stakeholders. Scheduled for October 14-15, 2024, The Westin Hotel Surabaya.

Under the overarching theme, "Framing the Future of Indonesia's Oil and Gas: Massive Exploration for Indonesia Energy Security", the forum will emphasize the urgency of capitalizing on recent discoveries, intensifying exploration efforts, and fostering deeper collaboration between government bodies, regulators, operators, and service providers.

To ensure you do not miss this important opportunity, we kindly encourage you to register for IEF 2024 by registering through the link below. Your insights and expertise will be invaluable in driving success, and by joining us, we can collectively work towards achieving the best possible outcomes for your oil and gas exploration activities.

Please register through this link before October 9th, 2024:
